<b>INTERFERENCE SEARCHED</b>			
Class	Subclass	Date	Examiner

The image consists of two horizontal black lines. The upper line is a simple horizontal segment with two short vertical tick marks on its right side. The lower line is a horizontal segment with one short vertical tick mark on its left side. A vertical black line intersects the lower horizontal line, extending downwards from its midpoint. This creates a T-shaped figure where the vertical line is the stem and the lower horizontal line is the crossbar.
